#### MEC Rosho to table Provincial Mid Term Adjustments Budget

In compliance with Section 31 (1) of the Public Finance Management Act (PFMA), Act no 1 of 1999 as amended, the MEC for Finance, Ms. Motlalepula Rosho, will table the 2019/20 Provincial Adjustment Budget. This is subsequent to the tabling of the Mid Term Budget Policy Statement by the Minister for Finance, Mr. Tito Mboweni on the 30<sup>th</sup> October 2019.

In preparation for the tabling, the MEC for Finance led the Provincial Mid-Term Expenditure Committee (PMTEC) meetings between Provincial Treasury and all departments and their entities to assess their spending pattern and challenges thereof in the first six months of the current financial year.

“The policy of No Business case, No Plan, No Budget will be implemented to ensure efficiency. The implementation of the adjustments budget will improve service delivery and stimulate our economy to grow and create much needed jobs,” says Rosho. She added that the adjustment budget will consider sluggish economic growth, youth unemployment and the resultant poverty.

An adjustment budget of a province provides amongst others for the appropriation of funds which have become available to the province; and shifting of funds between and within votes and their essential priorities.
