North West MEC for Finance to table the 2020/21 Special Supplementary Budget

The North West MEC for Finance, Ms Motlalepula Rosho, will deliver a Supplementary Budget speech on Thursday, 23 July 2020. A Supplementary Budget has been necessitated by President Cyril Ramaphosa's announcement that government would spend R500 billion to support the economy following the outbreak of the coronavirus.

“Consequent to Minister Tito Mboweni's National Supplementary Budget, the Public Finance Management Act, read together with the Money Bills Amendment Procedure and Related Matters Act, empowers Finance Authorities to table adjustment budgets when necessary. The historic nature of the COVID-19 pandemic and economic downturn has made it necessary to table such adjustments,” says MEC Rosho.

The budget will be tabled on:

Date : Thursday, 23 July 2020

Time : 09:00am

Due to lockdown regulations and restrictions, the budget will be tabled LIVE on the North West Provincial Treasury and the Provincial Legislature Facebook pages. The speech will also be broadcast on all community radio stations.

Budget documents will be made available on the Provincial Treasury website (www.treasury.nwpg.gov.za) as soon as the MEC starts to speak.
